

Sideshifting fork positioner

ZVP-A

integral sideshift, ISO adaptors

The **sideshifting fork positioner ZVP-A** allows the use of standard forklift truck forks and it is designed to allow fork spread beyond the width of the carriage. This flexible feature is ideal in situations where space is important. This strong and durable attachment has excellent visibility and minimised lost load centre with the use of innovative double T / E profiles. The attachment is equipped with integral sideshift and bolt-on ISO adaptors for standard hook-on forks. Fully open or closed no sideshift.
